Dear Sir:

The Museum of this Society is very anxious to exhibit a complete collection of Victory medals issued in connection with the World War. As yet we have not been so fortunate as to obtain a specimen of the Greek Victory medal, and we understand from a letter from Mr. Newell that you very kindly expressed your willingness to secure a copy of this medal for our Cabinet. May I beg to say that we are most grateful to you for your offer.

May I add that the value and interest in our possession of the Greek Victory medal will be greatly enhanced by the fact that you were on the Committee in Paris to decide on the form of the medal and the ribbon and that it was your suggestion of the arrangement of colours which was finally adopted.

Gratefully appreciating your courtesy, and assuring you of our high esteem, I beg to remain

Dear Sir:-

We have recently learned that the Town of Washington has struck a medal to be given to its soldiers who participated in the World War. Could you give me the name of the person, or organization, to whom I should write to get a copy for our collection?

The American Numismatic Society has one of the finest collections of medals and badges in the world, and we are endeavoring to make it as complete as possible.

Any help you can give me in connection with getting a copy of the above medal will be greatly appreciated.

Dear Sir:-

In reply to your letter of October 20th, I believe that we have already furnished you with samples of all the medals we have made for the World War. The only medals that we have produced along this line were for the State of Missouri. Kindly advise us if you have a sample of this medal in your collection.

In this connection it may be interesting to you to know that Mr. Stanley G. Brooks, Secretary-Treasurer of this Company, was stationed in France with the 345th Field Artillery and collected a number of war medals during his visits to Paris. We believe that Mr. Brooks would be willing to loan you these medals so that you could make impressions from them in case you do not have duplicates of the ones which he secured. We suggest that you take this matter up direct with Mr. Brooks.

Although we appreciate and are glad to have loans, I very much doubt if we would care to put you to this trouble as we have nearly everything in foreign war medals of this last war as well as earlier ones.

If you are ever in New York we would be very pleased to have you pay us a visit; we could probably show you many interesting things.

Dear Sir: Attention Mr. Howland Wood, Curator

We are in receipt of your letter of Oct. 24th regarding medals which we have previously made as World War Service Awards, and in reply would say that we have nothing new along this line. However, we are placing your name on file and if we make up any new designs in the future we will gladly send you samples for your collection.

We understand that you have for sale a large bronze medal. We make an extensive line of medal trophies of all kinds, specializing in portraits and are wondering if you will be in the market at any time for medals of this kind.

We will be very glad to furnish quotations on a medal similar to the one you have been using and will be glad to submit finished sketches carrying out any new ideas which you may have in mind.
